

Highbury Nursing Home is a purpose built home on 3 levels which has been tastefully decorated to create a warm, intimate, homely atmosphere for those requiring 24 hour nursing care.

A full range of services are available which enable our Manager and her team of qualified and caring staff to provide nursing and domestic services in an environment of privacy, dignity and choice.

Trained nurses are on duty 24 hours per day and we have a particular interest and understanding of the elderly. Care Assistants are chosen for their understanding and genuine caring abilities.

Staff training is ongoing within the home. Residents can relax in several lounge areas. There is a choice of single or shared rooms many with ensuite facilities.

Bedrooms on the ground, middle and top floors are furnished with wash basins, nurse call systems, telephone points and TV aerials.

Residents may bring items of their own furniture, pictures, and ornaments to give it that homely touch.

Attractive gardens with a patio area are popular during the summer months.
